ABOUT US

- Our vision is to be the provider of choice for all assisted living communities in the area offering incredible value, an amazing staff, fun daily activities, in a beautifully decorated remodelled property. We take pride in welcoming our residents into their new home. Our vision will be achieved by delivering exceptional services. Meeting and exceeding expectations of our residents and respecting personal dignity, embracing diversity, and maintaining open communications with residents and their families. These priorities complement our continued dedication to value and enhance the quality of life for each resident and give the freedom of choice by continued support.
- We are all connected that the joys and challenges of living are shared by all. We are all equal and believe in the following values: respect for all, inclusiveness, mutual support, simplicity and a positive view of self and each other.

- Caring For You has been and will continue to be, an innovative leader. Leadership includes striving for new and better ways to ensure that the lives of our residents and staff are as full, rewarding and productive as possible. In addition to fulfilling our responsibilities to our community, we recognize that we are members of the larger world in which we live. The innovations and initiatives that we develop must address broader responsibilities beyond our home and must be built on the following fundamental values: transparency, stewardship of resources, responsiveness, global citizenship, inclusiveness, forward thinking and planning.
